**to redeem one of the links above simply click on it on the device you have monopoly go installed on when you click on the link in your browser you'll be taken to a new webpage and asked if you want to open it in monopoly go**

**have you just tried claiming a monopoly go dice link and it didn't work dice links can only be redeemed once per monopoly go account so if you click on a link and get a message that says this reward has already been claimed then that means you've redeemed it previously if you get a message that says this reward cannot be claimed then that means one of two things this error message appears when a link has expired or when a link has just been released and you need to close and re-open your monopoly go app to get it working keep checking back here we are constantly updating this page with the latest links and removing links when they stop working**

if this doesn't happen and the link instead opens up a separate tab on your browser and doesn't redeem try refreshing that page and see if the pop up menu appears you can also try clicking on the link again and see if that triggers the menu if none of these troubleshooting tips work try closing and then re-opening the monopoly go app
